Disability Bias in Children's Literature

Biklen and Robert Bogdan presented an analysis of children's literature as it relates to the portrayal of people with disabilities. In this piece, the authors describe 10 common stereotypes associated with the portrayal of people with disabilities (Note: The eleventh stereotype is one that the current authors have commonly noted but

Journal of Research in Education Volume 24, Number 2

Using purposeful sampling (Bogdan & Biklen, 2007), we contacted one teacher at each grade level (K-5) based on our knowledge of their daily use of writing instruction from our student Journal of Research in Education Volume 24, Number 2 Fall and Winter 2014. 37 teachers, comments from parents and the principal at the school, and observations from visits to the school. We asked each teacher to

Analysis of Qualitative Data - DissertationRecipes.com

Bogdan and Biklen (1982) define qualitative data analysis as "working with data, organizing it, breaking it into manageable units, synthesizing it, searching for patterns, discovering what is important and what is to be learned, and deciding what you will tell others" (p 145). Qualitative

POSITIVIST RESEARCH Chapter objectives

Bogdan and Biklen (1998: 22) as defining a paradigm as 'a loose collection of logically related assumptions, concepts and propositions that orient thinking and research'. Hughes (2001a: 31) describes a paradigm as a way of seeing the world that 'frames a research topic' and influences the way that we think about the topic. Similarly

THE SOCIAL CONSTRUCTION OF HUMANNESS

THE SOCIAL CONSTRUCTION OF HUMANNESS Relationships with Severely Disabled People Robert Bogdan & Steven J Taylor. While no one can dispute the fact that people with obvious disabilities often have been cast into deviant roles in society, an exclusive focus on rejection has led many sociologists to ignore or explain away instances in which

Qualitative approaches to educational evaluation: A ...

In a similar vein, Bogdan and Biklen (1982) offer a useful summary of the characteristics of qualitative research. Their views are paraphrased as follows: Firstly, it involves a naturalistic setting wherein the context of activities is integral to the evaluation; Secondly, this does not ordinarily involve the reduction of data into numbers. In

General Code Families and Definitions

approaches and academic disciplines suggest particular coding systems" (Bogdan & Biklen, 2003). General Code Families and Definitions. Type of Code Family Definition Examples Setting/Context Codes. The most general information about setting, topic, or subjects such as descriptive literature, local newspaper articles, other media coverage; general statements by people about the subject.

INTRODUCTION TO QUALITATIVE RESEARCH

qualitative researchers, on the other hand, the researcher is the instrument (Bogdan & Biklen, 1992), and "the only reality is that constructed by the individuals in the research situation. Thus multiple realities exist in any given situation: the researcher, those individuals being studied, and the reader or audience interpreting a study.

CHAPTER THREE METHODOLOGY

individual the meaning and importance of events over time (Taylor & Bogdan, 1984) As Bogdan and Biklen (1992) noted, qualitative research begins with the self Understanding the relationship between the researcher and the subject of research is

Qualitative Research Proposal Sample

associated with qualitative researchers is phenomenology (Bogdan & Biklen, 2004) Following the phenomenological approach, researchers seek to understand meaning in events and in human interactions Further, the context is important to the interpretation of data This approach requires

A General Perspective on Role of Theory in Qualitative ...

essential concern to the qualitative research (Bogdan & Biklen, 1992, p 32) However, whatever the meaning derived from the data, the qualitative researcher does not make any attempt to control their subjects In fact, he or she tries to understand the overall environment and ultimately help others gain a better understanding about how the involved participants are seeing what is really
